Size matters: examples of Fine and Coarse Turquoise Blue Opal Frit fused on Red Reactive Clear sheet glass.

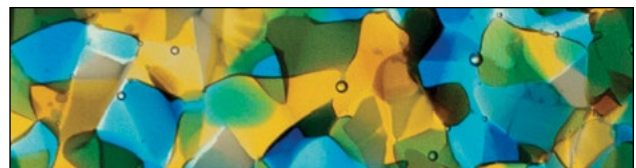

Plate by Patty Gray beautifully illustrates the reaction of Turquoise Frit on Red Reactive Opal

Red Reactive Glasses		
Uncolored glasses that may react with Copper bearing glasses		
Products	Name	Content
60-003-F	Red Reactive Transparent	NA
60-045-F	Red Reactive Opal	NA

Copper Bearing Glasses		
Level at which the following Copper containing glasses may react when fused with Sulfur bearing or Red Reactive glasses.		
SKU	Name	Copper Content
125RR-F	Dark Green Rough Rolled	High
125S-F	Dark Green Smooth	High
125W-F	Dark Green Waterglass®	High
